## SUMMARY

Motivated and detail-oriented junior software developer with a passion for building clean, user-friendly applications. Strong interest in web development, APIs, and problem-solving.

## EXPERIENCE

Jan 2024 –  
Dec 2024

### Software Development Intern

*Tech Solutions Pty Ltd*

- Generated, produced and maintained 42 end-to-end marketing and PR projects of which three became viral stunts. Completed all the projects within approved budget, timescale, and expected quality.
- Managed, led and coordinated various teams of up to 70 people to perform marketing programs. This included collaboration both with internal and external teams.
- Solved internal financial business challenges by reducing projects' costs by 25% while maintaining quality, thus achieving remarkable ROI.
- Created, organized and implemented the company's employee training program which helped up-to-date educational book reading practices, improving professional skills and workflow.
