Dear {{ recipient\_name }}, I am excited to apply for the {{ recipient\_position }} position at {{ recipient\_company }}. With my experience as a Software Development Intern at Tech Solutions Pty Ltd, I have developed and maintained web applications using Java and Spring Boot, collaborated with team members to design RESTful APIs, and contributed to debugging, testing, and optimizing system performance. I hold an Advanced Diploma in Information Technology from Tshwane University of Technology and have honed skills in Java, Spring Boot, HTML & CSS, and SQL & Databases. I am confident that my strong problem-solving abilities and passion for building clean, user-friendly applications make me a strong fit for your team. I would welcome the opportunity to discuss how my skills and experiences align with the goals of {{ recipient\_company }} and how I can contribute to your ongoing projects. Thank you for your time and consideration.

**Sincerely,**  
**Sicelo Sambo**
